## OBJECTIVE

To secure a challenging position as a Software Engineer where I can leverage my full-stack development skills, programming abilities, and problem-solving mindset to build efficient and innovative software solutions. I aspire to contribute to organizational success while continuously enhancing my technical expertise and adapting to emerging technologies.

## EDUCATION

### SKN Sinhgad Institute of Technology and Science

- Bachelor of Engineering in Computer Science | CGPA: 8.06 | July 2025

### Vishweshwarayya Abhiyantriki Padvika Mahavidyalaya

- Diploma in Computer Engineering | Percentage: 87.09 | July 2022

### Sun-Shine English School

- Class X | Percentage: 86.20 | March 2019

## TECHNICAL SKILLS

Software/Tools:	Microsoft Office
Programming Languages:	C, Java, Flutter, Dart
Frontend Technologies:	HTML, CSS
Database:	SQL, Firebase
Version Control System:	Git, GitHub
Soft Skills:	Critical thinking, Problem-Solving, Adaptability

## PROJECTS

### SKNSITS One Community Application

- Technologies: Flutter, Firebase (Firestore, Storage), Dart
- Designed and developed as a final year project to improve student engagement and participation in campus activities.
- Centralized platform where students can access academic notes, participate in events, submit grievances, view notices, and stay connected with college communities.
- Integrated Firebase for real-time data updates and cloud storage of resources and documents. Improved student experience by consolidating multiple academic and activity features into one unified application.

### Digital Payment Wallet

- Technologies: (HTML, CSS, ReactJS, JavaScript, MongoDB, NodeJS, ExpressJS)
- Developed a secure and efficient digital wallet application with user authentication, money transfers, transaction history, and UPI ID integration. Built REST APIs and integrated MongoDB for dynamic data management

### E- Commerce Website

- Technologies: (HTML, CSS, JS, Responsive Design, E-commerce Functionality)
- Designed a responsive online shopping website with product listings, shopping cart, and checkout functionality.

## EXPERIENCE

### Edunet Foundation in collaboration with EY GDS & AICTE

09 Dec 2024 -20 Jan 2025

Full Stack Web Development with MERN

- Launched Payment Wallet, a digital application streamlining secure and efficient payments.
- Gained hands-on experience in building REST APIs and integrating MongoDB for data storage.

## CERTIFICATIONS

- PHP & MYSQL by Udemy
- Java Programming Fundamentals by Infosys
- Google Analytics for Beginners by Google Analytics Academy
